

Environment - Spreading Awareness

Seminar on Environment Friendly Equipment

Bry-Air organized a seminar on Environment Friendly, Sustainable equipment/methods and the accruing benefits on Friday, 14 October, 2011 in Gurgaon.

Speakers disseminated opportunities, trends, technology and equipment available to save Energy and Water, the two major issues faced by us today.

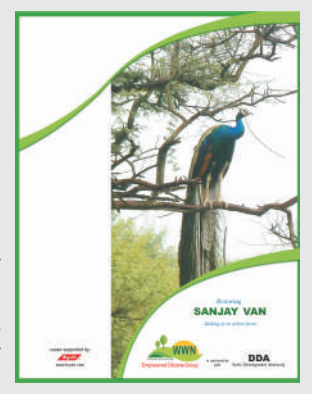

The Speakers were specialists in their respective fields and the topics covered were:

- The Climate Change by Mr. Adiya Pundir from The Climate Reality Project India
- Energy Audit Schemes and Incentives by Mr. Saurabh Diddi from Bureau of Energy Efficiency
- Understanding the Green Factory Code by Mr. Deepak Gulati from Spectral- An Aecom Company
- Energy Saving through Innovative Lighting by Mr. Amar Mahajan from Wipro Lighting
- Cooling Large Areas More Economically with Evaporative Cooling Energy Efficient Fresh Air HVAC System by Mr. Rahul Aeron from DRI
- Water Management (Recycle/ Reduce / Reuse) by Mr. Rahul Sonawane from ITT Corporation of India.

The seminar was attended by owners, VPOs, senior executives, facility & maintenance managers from various industries such as manufacturing, automobile, textile, plastic etc. The seminar was highly interactive and the participants appreciated the information provided.

International Year of Forest celebrated at Sanjay Van

On October 19, 2011, Hon. Lt. Governor of Delhi, Shri Tejendra Khanna planted a sapling at Sanjay Van in south Delhi to mark the International Year of Forest. AVM Vinod Rawat (Retd.), founder and his team, WWN (Working With Nature), an NGO working along with DDA (Delhi Development Authority) for restoration of Sanjay Van had organized this event to showcase the progress made by them.

Bry-Air is actively supporting WWN (Working With Nature) in its work. Bry-Air received a Certificate of Appreciation for its contribution to the project - Restoration of Sanjay Van.

Glimpses of CSR Activities
