Sanjay Van loses its Saviour

Monday, November 06, 2017, was a sad day for all of us when we lost **Air Vice Marshal (Retd.) Vinod Rawat, VSM**, Environmentalist & Founder WWN (Working With Nature).

AVM Rawat's relentless efforts facilitated the holistic development of Sanjay Van. WWN... Working With Nature was founded by AVM Rawat 6 years ago as an empowered volunteer group of citizens/scientists, who worked with DDA to restore Sanjay Van.

The transformation of Sanjay Van from a scary forest, where waste of every kind was being dumped, to a much sought after place for joggers, nature lovers, bird watchers and people from all walks of life has to be seen to be believed

Bry-Air has been honoured to have been associated with AVM Rawat for many years and supported him in restoring Sanjay Van.

We are all going to miss him!

Here are some excerpts from media coverages over the years which tells the story of Sanjay Van.
